★ NOTES: N/A

- ★ Will and Lisa: [Slideshow \(Click here for the link to the Slide Show\)](#) - (30 Minutes)
 - (Lisa) Loop Duty

- (Will) Year at a glance
- (Will) California Shakeout

NOTES:

3 key areas our Council will give attention to this year:

- Approving Single Plan for Student Achievement (SPSA) and recommending it to board by Feb. Looking at plan together, breaking it down. Focus on Language Arts, Math, Science and Social Emotional Learning (SEL). SEL is key for Site Council.
- Comprehensive Safety Plan, submitting to Superintendent by March 2019. Includes disaster, active shooter, etc. What are the goals for our school site? Where do we want to focus our attention? Examples: What about strangers on campus and during an earthquake?
- Reviewing and commenting on LCAP. This one comes mostly from district, but site council feedback is critical piece.
- Other potential focus areas:
 - Loop duty
 - Monitoring progress on 1-5 recess yard
 - Equity/diversity
 - Data – CAASPP, ELPAC, ELAC, Accelerated Reader, STAR
 - Physical changes at the school

Dixie Class size:

- K-3 caps at 24 students. After that, there is no cap.
- **What is the average class size by grade level across Marin? Across CA?**

Dixie Ethnicity:

- 70% white
- 13% Asian
- 8% Hispanic
- 2% Black

Dixie Language:

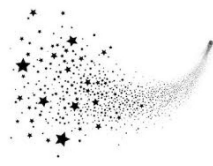

- High diversity of languages but low numbers (50+ non-english languages spoken, but only 1 or 2 students per language). Vallecito has great ambassador for Spanish-speaking families. If we start to see parents who are not proficient in English, it would be important for us to find resources to support them.

Vision: Connectedness.

Themes: Rally on and Read; Filling Buckets

New Educational Programs: Accelerated reader and STAR Assessment. Lexia can be very data-driven. Addressing phonics, incorporates sight words, advances the student at whatever level they are at. Whitten stresses that this is a great tool that captures kids' attention and provides teacher feedback.

Note: We are not promoting tech for tech's sake. Used when appropriate.

Social – Emotional: Mindfulness

Loop Duty: Sign Up Genius started last year; we are continuing it this year. Lisa is the Loop Duty Coordinator. Room parents wanted to take back responsibility, but concerns last year: parents parking in the parking lot, people walking across parking lot made Site Council want to hold on to it. Seems to be working.

Action: Lisa asked ScholSite teachers and they agreed - Lisa will send SignUp genius link to teachers directly, rather than to room parents.

CA ShakeOut – Thursday, 10/18. After a certain magnitude earthquake, they'll be on the green field (1st grade at first base, 2nd grade at 2nd base, etc).

9 am – Site Council invited to join.

New recess Plan – 1-5 shares usage instead of everybody using their own areas. New plan encourages togetherness. Time will tell.

Next Meeting: Tues 11/27 2:45 – 3:45pm. Action taken: This is the new time agreed to going forward.

★ Special Meeting Dates (5-10 Minutes)

- March Meeting - District Office folks visit to gather input
- April 2nd - LCAP at District Office with all School Site Council teams
- Due date for Site Plan - February 12th
- Due date for Safety Plan - March

- NOTES: N/A

★ Next Meeting (2 Minutes)

- November 27th
