

Dear Families,

This year we welcome several students to our classrooms with food allergies. We invite your help and cooperation to help them stay safe. We have students who are allergic to nuts. Reactions range from mild to life threatening. There are several practices that will be in place to help prevent allergic reactions.

It is our hope that families CHOOSE not to send foods containing peanut butter or nuts. This precaution will mitigate the risk of exposure and contamination of surfaces and create a safe school environment for all to enjoy.

Thank You,

Jason Manviller  
Principal  
Dixie Elementary
